Thou Shalt Innovate: Stories of Israeli Innovation and Inspiration

Thou Shalt Innovate profiles wondrous Israeli innovations that are collectively changing the lives of billions of people around the world and explores why Israeli innovators of all faiths feel compelled to make the world better. This is the story of how Israelis are helping to feed the hungry, cure the sick, protect the defenseless and make the desert bloom. Israel is playing a disproportionate role in helping solve some of the world's biggest challenges by tapping into the nation's soul: the spirit of tikkun olam – the Jewish concept of repairing the world.
